Chic House In City

城市中時髦又舒適的小窩，讓男女主人在城市辛勤工作一整天後，回到家中是全然的放鬆與自在，假日時又可作為招待朋友的時尚空間。

經由設計師敏銳的觀察度，充分應用此空間原有之優勢（開窗面積大、視野良好），將僅54㎡(16.4坪)之空間，創造出可視為獨立性質的2房2廳1衛之空間使用(且含豐富的收納功能)，創造出非一般目前小空間混合使用的設計。

Through the designer's keen observation, the existing advantages of this space are made full use of, such as the large area of window and a good field of vision, to make the space with only 54 square meters create an independent space with two bedrooms and two living rooms as well as one bathroom which includes rich storage functions, so that the designer creates a particular design that the small space is mixedly used.

新婚夫妻對於空間有自己的偏好需求，希望除了有獨立的客廳、主臥室、廚房、餐廳、浴室(乾溼分離)外，還能有一個獨立的書房，也能當作臨時的客房，或未來10年內小孩的房間。假日時也可招待朋友，舉辦聚會。

The owners want to have a separate study which can be used as a temporary guest room or children's room in the next 10 years besides the independent living room, master bedroom, kitchen, dining room and bathroom, and the owners also hope that the case can be used to entertain friends and hold parties during the holidays.
