在台北舊大樓，開放格局中，一道曲線牆面，打破許多空間上的既有意義，客、臥、浴、廚流暢穿透，優雅串聯，置入對於生活的需求呈現俐落極簡的精采。

為了活化整體空間在新舊之間，與時代、環境共生的意象，特將過度光源及雜亂街景作有效配置。

Excess elements were stripped away to create a contemporary living environment in contrast to the surrounding dated neighborhood. The room is not walled but each portion of the space is dedicated to its function and delivers ease and comfort. Best seen on the elegant elevated surface from ceiling to the leisureed bed setting, it preserves the privacy of the wardrobe area behind while demonstrating the living space openly.
