未以動線破壞，繼承厚實的承重牆面，延伸廳聚的空間，擴展廳地，充份使用各個角落，各區向前跨進一步，空間化學反應立即開始。本案希望在不動原始結構下開創一種新的生活型態，由原本父子二代使用的狀態，改變成適合三代共處及分享的空間。

步驟 1：加長

- 加長天花 (軸心延長)
- 加長餐桌 (功能延長)
- 加長沙發 (溫馨延長)
- 加長鞋櫃 (區域延長)

步驟 2：加深

- 加深牆色 (削弱厚實牆面，顯示舊有記憶)
- 加深紋路 (開創新的記憶，新的視覺)
- 加深距離 (擴大視覺記憶，打造適合廳聚的空間)

步驟 3：結合

- 結合客廳廳 (延伸邊角區域，延伸放鬆談話區)
- 結合廚房餐廳 (延伸功能性增加溫馨感)
- 結合玄關餐廳 (延伸接待區，開闢地數點轉來)

本案最大的特色在於「反單」，之下的負負得正，亦即，為求空間放大而運用黑白對稱的實體推開出延伸廳地，好似壓縮的空間感，卻因視覺拉長而使空間鬆弛。

Instead of breaking down the bricks, absorbing the existing thick interior walls and creating a new sharing space is the key to this project. Chemistry reacts just after this single step forward. This project is tended to create a new lifestyle under the same solid structure. Transforming the former usage of 2 generations to a space suitable for gathering 3 generations.

STEP 1: EXTEND

- EXTEND THE CEILING (stretches the axis)
- EXTEND THE DINING AREA (stretches the function)
- EXTEND THE SOFA (stretches the warmth to the left)
- EXTEND THE SHOE CABINET (stretches the hinterland to the right)

STEP 2: REINFORCE

- REINFORCE THE COLOR (under the old skin lies the old memories)
- REINFORCE THE VEINS (opening a new page for a new touch of memory)
- REINFORCE THE DEPTH (broadened sharing space by this new experience of visual touch)

STEP 3: REUNION

- LIVING + DINING (broadened casual and relaxing areas)
- KITCHEN + DINING (expands function and coziness)
- FOYER + DINING (Embracing a larger area to receive the homecoming)

Pushing solid black and white objects creating a new hinterland. Standing under the thought that squeezing might decrease the space when, on the contrary, it actually creates a beautiful new world by extending visual length.
