### 小宇宙 small universe

本案業主是一位行動不便人士，平常必須用拐杖和輔助腳架才可以行走，居家則以輪椅作為主要的代步工具，因此無障礙及安全的室內環境，成為非常重要的規劃重點，但很高必須讓輪椅能到達室內的各個地方。

客廳舊有天花板拆除後，露出T字大樑，為了讓空間高度儘可能提升，特別製作一個不規則、不拘泥於形式的天花板，象徵業主隨性、樂觀、開朗個性，我們定義為業主的小宇宙。

業主因為長期行動不便，造成四肢血液循環不良，為此我們特別安裝一組德國製造瀑布淋浴系統，可產生一自帶水柱拍打身體、按摩四肢，增加血液循環，產生很好的舒緩效果。但更重要的是讓業主輕鬆進入淋浴間沐浴，特別為業主訂製一具連結扶手一體成型的淋浴椅，讓淋浴成為業主最大的享受。

Case the owner is a disabled persons. Usually must use a cane and supporting tripod can walk. Home places a wheelchair as the primary means of transport. Therefore, barrier-free and safe indoor environment. Become a very important planning focus. That is, must allow a wheelchair to reach all parts of the room.

After the demolition of the old living room ceiling. Exposed T-beams. To make room for a high degree of possible improvement. Has produced an irregular, non-formality of the ceiling. Owners with the symbolic nature, optimistic, cheerful personality. We defined as owners of small universe.

Owners have long-term mobility. Limbs caused by poor circulation. Produce the phenomenon of tingling hands and feet. To this end we have installed a special German-made waterfall shower system. Tapping the water column can produce two hundred body massage limbs, increase blood circulation. Have a good soothing effect. But how do the owners to easily enter the shower bath. We abandon the traditional wall-rails. Especially for the owners to create a link to one piece shower chair armrest. To become the largest property owners to enjoy the shower.
