## 可以

可以閱讀，可以生活，可以改變，可以習慣。

接受客戶委託個案時，設計想法常被客戶既有生活習慣侷限。本案客戶完全讓我們自由發揮，因此我們嘗試一個全新的概念，可否經由設計空間讓居住者改變原有生活模式。

為了塑造一個讓居住者感到輕鬆愉悅的空間，我們刻意讓空間定義模糊化，盡可能使他們有多重功能！客廳成為閱覽區，餐廳也是書房，廚房則是交誼廳，整個公共區域相互串連、流動。企圖讓居住者有強烈興趣，早起在開放、簡約的廚房煮杯咖啡，簡單做個早餐，輕鬆沐浴於清晨微暖陽光中。希望凝聚家庭成員於餐桌也是書桌邊，享受家人在一起的時光。居住者能舒適地坐在落地窗旁的臥榻閱讀，浸淫在下午的悠閒時光。

設計由人出發，才能感動人！用心的設計使居住者與空間產生美好的化學變化，人與人的關係因此更加緊密，我們想創造一個可讓人細細品味且無形中能改變生活型式的設計空間。

## A Mélange of Spaces

The philosophy underlying the design of the residence presented before you is the fluid concepts of functionality and continuity. The designers refused the traditional notion of singularly purposed rooms, and endeavored to create one single living space. Through purposeful comingling of rooms and intentional positioning of partitions, the whole of this space is multifunctional.

Upon returning home from a hard day's work, you can relax in the oversized foyer that folds into a cozy living room that is also a library and a living room, which melts into an open cooking and entertaining area that is also a study and game room, before sinking into the comfort of your tranquil personal retreat. When dawn breaks, you are showered by the softest array of sunshine that flows in through the full-length windows which surround two sides of the residence, and greeted by the floral aroma emanating from solid woods used to craft your surroundings. From there, where the space takes you is up to your wildest imagination...

The merging of purposes allows for the blurring of spaces, and naturally enables broader and higher utilization. Pick up a pen or a pan, the space insists on being enjoyed.
