Setting cycle pool view in the middle of the space, the edge separate the pool body and floor through light belt, showing a sense of floating lightness. Upper side ceiling use black grilled glass surface, embedded a lot of wooden structures cluster, creating elevation vision of “Big is beautiful”. The cluster of booths sequentially arranged around the view pool have elegant style, the rear decorating glass cast the light on the wall and booth, using scattered grill to interpret silhouette artistic.

二樓延續景池開場，室內天頂縝密排列巨大波型格柵，氣象萬千的凝態流體型塑奇幻異次元。全案揉合特色素材與現代手法解譯抽象禪風，演繹全新感官體驗。
