Primitive | Degree of Liberty

愛好藝術的主人，對於家有他獨特的品味。
房子的前身原本是從事廣告業女主人的辦公室所在，
從職場退下來後，便將此改為夫婦倆的生活居所。

在這個挑高的空間裡，我們賦予它純淨且有機的氛圍，
以實用及單純的肌理型態喚起人們對空間最原生的需求；
素淨的混凝土，色彩鮮明的畫，性格迥異卻有著對比的趣味。
不需矯飾、依其秩序整齊排列的管路天花板，自然地融入在簡單的空間裡。
原木傢俱提供理想之屋的手感與溫度。
注入空間透又不透的玻璃磚，區隔了場域卻阻擋不了陽光的進入。
我們意欲打破傳統思維，建構更能自由、靈活彈性變化的住宅空間。

居住者可以在此陽光、空氣、樸質和藝術原生的氛圍裡，感受生命的自由度。

彰顯空間最純粹的本質，與自然景色相應。

Presenting the purest essence of space to correspond with the natural scenery.

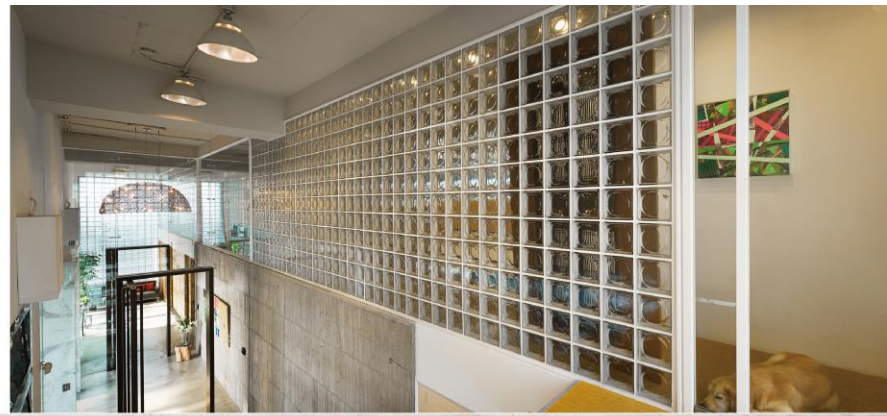

Primitive | Degree of Liberty

The owner has an exceptional taste for home because of his passion for arts. The house was previously the office of the wife who has worked in the advertising industry and is renovated to accommodate the dwelling need for the couple, after the retirement from workplace.

We design this elevated space with pure and organic atmosphere by using practical and simple meridians to call for people's most primitive demand for space. The clean concrete and brilliantly colored paintings contradict completely and yet with a contrasting fun. The ceiling with pipelines aligned neatly without excessive concealing, naturally blends into the simple space. The wood furniture offers handmade touch and temperature to the ideal house, where the glass bricks offering space without transparency separates the area without blocking sunlight. We intend to break the traditional concept by constructing a more liberal residential space with flexibility for change.

Dwellers can perceive the liberty of life through the primitive atmosphere filled with sunlight, air, plainness, and arts.
