多元化的品牌商業空間 需要表達商業的“未知感”以及進行傳統商業功能的釋放 通過“解構”“碎片化”“節奏”等抽象的設計方案來打破一個具體商業空間給予人們的固化通感。事實上，我希望人們在此獲得更寶貴的“未知”。購買一場音樂會，藝術展，一次產品發佈或者是日常某物。在所有的商業語境中，抽象的“未知”才充滿各種可能性。

CS-S-41- Urban Revivo Art

Diversified brand of commercial space. Designer wants to express the business sense of "unknown" and releases the traditional business function. She fluently used the abstract design such as "deconstruction" " fragmentation" and "rhythm", to break the solidification synaesthesia of business space. She wants people to wonder and start thinking form the unknown. It could be a concert, an art exhibition, a product conference or an ordinary item. In all business context, the abstract "unknown" is full of possibilities.
