單層住宅也可以像調色盤般的豐富有趣。這個私人住宅有40+坪的空間，對育有一女的夫妻來說，是個夠用但侷限的空間。以原有隔間來看，室內的後大半段都被房間與浴室等私密空間佔據，若廚房非開放式，開門所見就是不大的客廳與飯廳。業主家好動的貓狗很多時間宅在家沒地方活動也是令人沮喪。這個設計案就針對這些點來規劃出一個狗與小孩都能奔跑捉迷藏的有趣空間。當然對一貫喜好挑戰建材與施工的我們，也要讓空間的視覺感官不一樣！透過移除原有隔間，露出一整戶的地板，我們利用磨石子地耐用適合寵物行走奔跑的特性，加入銅條造型來軟性區分空間，輔以造型磚牆與通透的鐵件隔間視覺的反差與折門隔間靈活的開闔來達到空間感卻沒原有的閉塞。

To achieve the goal of flexible spatial quality and visual penetration in a modest size flat, as well as the room for active pets and kids to play, we utilize floor zoning and various partition strategy to achieve this goal. We challenge the materiality and construction technique to make sure solid texture and elements in our design as well as visual attraction demanded by artist owners.

室內平面圖
Floor plan

磨石造型銅條區域分布
Terrazzo divider zoning with various patterns

設計階段示例。移除原有僵硬的隔間，帶入驅動設計的造型磚牆，陳續延伸出鐵件隔間與靈活的拉門隔間。
Design phases demonstrates the evolution of spatial design. After removing rigid existing partitions, various materials are used to construct flexible spaces.
