CSH-39-壹舍藝術生活館

“壹舍 EASE” —— 壹個在最終形態上無法定義的項目，是加減智庫（+ - THINKTANK）從投資、設計、運營、推廣等不同範疇全程參與的微型舊城改造項目。項目位於壹座 5 層高的獨立老房子裏，集設計民宿、辦公區域、公共藝術空間、天台花園多種空間功能于一體，期望實現不同業態的跨界。項目的整體設計，延續了老房子未改造前的拱形元素，設計師把拱形元素放大，貫穿在了整棟房子的內部。內部使用了大量的水泥磚與白牆搭配，而且還設置了壹個能旋轉的拱門。當走進壹舍的那壹瞬，置身於壹個白色幹淨的空間，用手推開大型的旋轉門，仿佛有壹種神聖儀式感。設計的初衷是塑造壹個可伴隨著商業需求改變而做出回應的空間，所以設置了較多未“明確定義”的空間以適應不同場景。加減智庫從壹個單調的設計工作室跨界到了壹個民宿和藝術空間，是想讓工作和生活都不要太沉悶，能遇見更多好看的人，更多有趣的靈魂。

CSH-39- EASE LEISURE & ART

EASE LEISURE AND ART —— a project cannot be defined by its final form. + - THINKTANK launched this micro urban renovation project and participated in the whole process including investment, design, operation and promotion. The building is located in a five-floored old house, with multi-function of B&B, office area, art space and rooftop garden. The design of the project continued the arched elements of the old house before decoration and repeated different forms of arch throughout the interior space. A number of cement bricks are used internally with white walls. The signature rotating arched door is installed in the 3rd floor. There is a sense of holy ceremony while rotating the arched door in such a clean white space. The intention of design is to create an undefined space that can respond to different business needs. + - THINKTANK from a design studio across the border to a B&B and art space, is aimed to make some fun, to meet more interesting people.
