## WS -60-敘品辦公室

推開厚重樸實的玻璃門，我們走進的是光與影的世界。首先映入眼簾的是右手邊的小船、蘆葦、石鴨，走近一步，又不禁被其後的老木、落葉所吸引。回首轉身離開之際，卻更加恍惚，因為黑色的地磚宛若水面一般，加之調皮的燈光擠過天花竹竿的縫隙，悠然的灑在“湖面”上波光粼粼，更讓人有置身水面的錯覺。前臺的荷葉牆上“敘”字清晰可辨，而“品”則飄散在光影中，似有似無半虛半實。虛幻、未知、自由、活力……，看似簡單的兩個字，將中華民族的禪意文化和漢字靈魂相融合，未來將有更多的“敘”品之作從這裡誕生，從這裡迸射設計之美、人文之光。走進設計區，看到的是由無數黑色鋼管交錯排列組成的穹頂，這個穹頂是在模仿發動機的外形，在裡面工作的是敘品團隊，也就是敘品的源動力，是他們推動了敘品向更高更遠更廣的未來騰飛。本案的主題除了原生態禪意之外，另一個重中之重就是環保：所有牆面沒有過多的粉刷修飾，用經過特殊處理的舊木板代替了我們常見的乳膠漆或者壁紙牆面；會議室的隔斷採用的是環保二手鏤空木質隔窗；大廳沒有使用傳統的天花隔板，取而代之的是簡潔優雅的細竹。走進敘品，我們聞到的不是刺鼻的油漆味，而是清新純淨的自然氣息；感受到的不是辦公室的呆板無味，而是自然的生機活潑。

## WS -60- XUPIN OFFICE

Open the simple and unadorned glass doors ,we step into a world of light and shadow. You will see a small boat, a stone duck and reeds on your right at your first glance. The you get closer and can not help being attracted by the old wood and fallen leaves behind the boat. After a little while, when you turn around and begin to leave, you may feel even more confused ----black floor tile looks like a lake, naughty light ,pouring down through the ceiling bamboo, is shimmering on the "lake" ,which make the feeling of being on the water more lifelike. The word 'XU' on the background wall is clearly visible, but word 'PIN' is drifting away in the shadow and light. Form the atmosphere, with virtual reality, reverie, Unknown, freedom ,energy...The two simple words combine the national zen culture with the soul of Chinese character, and more wonderful articles will be created from here in the future, with the beauty of design and the light of humanity. Walking into designing district ,a huge dome, imitating the shape of engines, made with countless black steel pipe will be seen .The people working under the dome are the designing teams of XUPIN, who are the driving force of the company that they push XUPIN to a higher , further and wilder future.
