AX-共享

作為奧軒工業園的社區空間，被賦予“共用”的理念，打造成環保、自然、藝術的場所。設計師把風、光、景的自然元素置入空間。自然對流的風向設計，放棄了人工溫度設備，室內體驗到四季的變化；通透性的設計，取消晝日照明，感受了一天的自然氣息變化；水、木、花的自然背景，打破室內外的界限。環保和回歸自然讓空間更有了動感。空間設計應該滿足多功能的需求，在滿足專業需要的同時也要考慮休閒的需要。讓空間從T台秀、產品發佈、展示展覽、會議交流、員工通勤多元應用，合理的空間動線佈局讓空間共用。藝術空間，將原有建築結構幾何圖案，在形態上伸展變化，把每一個簡單幾何案變為有雕塑感的作品，整體空間有了藝術氣質。藝術讓視角空間有了靈動。

AX-Sharing

Ao Xuan—Sharing As community space of AX industrial park, be endowed with “sharing” concept. Designers make the public space of AX enterprise into a share place of environmental, natural and artistical. Place natural elements of wind, light and scenery into space. Abandon artificial temperture equipment and day light, feel the natural change of seasons by the wind direction. Permeable design without day light, Feel the natural change of the day. Water, wood and flowers as background which break the limit between indoor and outdoor. Environmental protection and return to nature make space more dynamic. Space design should meet multifunctional requirements, to meet the professional needs but also to consider the leisure. The space design meets the public function requirements of T-stage show , exhibition, complication, meeting and communication, reasonable lines allow space to be shared. Art space, extended and changed the shape from geometric patterns of original architectural structure, make every simple patterns into a work with sculptural feeling, with artistic temperament , which full of sensibility of art.
