素妍

設計基本沿用了原有結構樑柱的布局,在既有水平與垂直軸的結構線條中加以部分的弧線作為視覺消失點,透過最低限度的裝飾,嘗試以減法的方式去豐富視覺感受。在原始牆面或是開口處作局部挖空亦或變形;讓新與舊、線性與弧形無違和相容

Clarity

The design uses the original layout of beams and columns and adds some arcs on the currently-existing level and vertical contractual axes to serve as the vanishing point. We try to enrich the visual experience with subtraction via minimum decoration. We hollow and deform part of the original walls or openings to allow the old and new, the linear and arched to be compatible with each other.
