沐舍桃源

沐舍桃源 結合業主休閒渡假的生活型態 以一個渡假酒店的方向規劃 空間使用功能單純、視覺感受內斂優雅 我們著重設計在雙手接觸到的每個細節 以及為使用者客制化的尊榮感受 兩個書房的機能共存 夫妻兩人在大區域空間內共同閱讀工作 附有隱私性卻舒服的兩個獨立空間 面對落地窗景，把景緻留給客廳及餐廳 不琢磨太多材質，簡單且溫暖的配色呈現內斂但高級 依空間中必須存在的主樑做空間分配 甚至立面延伸做地面、牆面材質鋪陳對線 公區空間中，以詼諧的灰玻璃搭配燈光互動作為空間獨特亮點 客浴空間的間接燈光依使用狀態而變換 ——空間整合收納機能在玄關位置 僅增設書房的展示書牆及低收納高度 便利使用 也增加書房實用平台範圍 ——主臥房臨近市區 利用鐵件結合木皮大面拉門 隔絕噪音問題且與主浴室畸零儲藏空間做側拉變換 ——本案利用多量吊燈、壁燈等軟性裝飾燈光 讓視覺間接感受空間每個角落 空間氛圍溫暖放鬆 ——主浴室延伸全區溫暖氛圍，使用木紋磚材質 非界定為浴室，而是一個屬於私人享受 SPA 的空間

Maison du Paradis

Maison du Paradis A lifestyle combines with the leisure vacation of owners. Organized in a way of resort hotel. The simple usage of space, with the visual perception demonstrating humble elegance. We focus on every detail where users' hands touched. The customization for users gives them prestigious feelings. Two study rooms share same functions. Married couple could read and work together in a large space as they sit in two separate rooms that are comfortable and private. Use the French windows to leave the beautiful sceneries to living rooms and dining rooms. Not much alteration on materials is used. Simple and warm colors show the elegance and high-class. Space allocation is achieved in accordance with the main beam, which is necessary in the space. The façade is extended as the ground; the materials of main wall align each other. In the public space, the gray glass and lighting are the unique spot in the space. The lighting of guest bathroom changes according to the using condition. ——Storage function is located in the hall way. The display wall of books and low storage height are included. Practicalities to the usage of bookroom platform is increased. ——Main bed room faces the city center. The sliding door is made of iron and wood to prevent the noise problems and integrate the odd storage spaces in the main bathroom. ——Use a great amount of chandeliers, wall lamps and other soft lightings. Soften the visual effects around each corner of the space. A relaxed and warm space atmosphere. ——The warm environment is extended to whole area of main bathroom, and the wooden bricks are used. It's not considered as a bathroom but a private space for enjoying the SPA.
