醇品

當生硬的牆體被重新定義在空間中，運用開放空間最大化的組成，暗示著公共空間與私密空間的重新界定，可變動的牆體串連更多生活情境的彈性。型態上弧形的柔、量體上無彩的灰、木頭與布料的溫度，藉由光影的變化與渲染，讓空間中產生時間的軌跡，靜寂素雅卻充滿故事。

A stiff wall is redefined in a space. The use of the maximum composition of an open space hints at the re-demarcation between the public space and private space. A changeable wall connects the flexibility of various life scenarios. The softness of an arched form, the colorless gray of the volume, the temperature of wood and fabric can produce a trajectory of time in the space via the change and rendering of light and shadow. Its severity tells countless tales.
